

Award-winning Music and Books from Jim Gill

Jim Gill is a musician, an author, and, perhaps most importantly, a child development specialist. His musical recordings and picture books have received honors and awards from, among other organizations, the **American Library Association**. Jim completed his graduate studies in child development at the Erikson Institute of Chicago with a special emphasis on the study of play. For this reason, each of Jim's recordings and books is created as an opportunity for playful interactions between a child and a caring adult.

Jim Gill has created a collection of 3 CDs that contain his best and most active music play — selected from the seven recordings he has released over the years. Each CD in this new collection contains 17 musical games filled with opportunities to dance, jump, spin, and then...(Jim's favorite part)...wait to do it all over again. There are sing-along and clap-along games. There are finger plays. There are body part rhymes and tongue twisters. There are over 50 songs to help early childhood educators and librarians bring a celebration to their time with young children.

These three CDs, *Jim Gill's Most Celebrated Songs (Volumes 1, 2 and 3)* are now available along with Jim's two books and his first recording (in its entirety): *Jim Gill Sings The Sneezing Song and Other Contagious Tunes*. This CD introduced Jim's work to educators and librarians and remains a favorite to many.
