

# Award-winning Books and Music from Jim Gill

Jim Gill is a musician, an author, and, perhaps most importantly, a child development specialist. His picture books and musical recordings have received honors and awards from, among other organizations, the **American Library Association**. Jim completed his graduate studies in child development at the Erikson Institute of Chicago with a special emphasis on the study of play. For this reason, each of Jim's recordings and books is created as an opportunity for playful interactions between a child and a caring adult.

Jim is the author of two picture books. ***A Soup Opera*** is Jim's silly sing-along opera that has inspired playful read-along and sing-along experiences as well as classroom dramatizations! ***May There Always Be Sunshine*** has led educators and other caring adults to create handmade books with children, in the style of Jim's book, for over 20 years. This book, with its sweet, inclusive and uplifting message is printed with text in English and Spanish!

Jim Gill has created a collection of 3 CDs that contain his best and most active music play. Each CD in this collection contains 17 musical games. Across the 3 CDs there are over 50 songs to help early childhood educators and librarians bring a celebration to their time with young children.

These three CDs, ***Jim Gill's Most Celebrated Songs* (Volumes 1, 2 and 3)** are now available along with Jim's two books and his first recording (in its entirety): ***Jim Gill Sings The Sneezing Song and Other Contagious Tunes***. This CD introduced Jim's work to educators and librarians and remains a favorite to many.
